

CONTINGENCY ARRANGEMENTS STATEMENT

In the event of closure, cancellation of registration or liquidation, Avenue Care Services will arrange transfer of the service user case load to an alternative approved provider, with the permission of the service user. Every effort will be made to accommodate the wishes of the service user as far as is practically possible.

Service users, Local authorities, and SCSWIS will be informed of the changes, in writing, before and during the process of transfer.

Perth and Kinross Council will be informed and advice sought on arrangements to be made for any service users we have on contract with the council.
